

Vamos a cantar • Let's Sing

This is a song I wrote while working for several school districts in the San Francisco Bay area in the early seventies. It's a very good song for group participation. For each verse, perform or pretend to perform the action that is listed—from singing through snoring—and end with clapping.

D A⁷ D

A ho - ra va - mos a can - tar, a can - tar, a can - tar. A ho - ra

Ahora vamos a cantar,
