

WEB PAGE DESIGN

Course Syllabus

SCHOOL: Jefferson High School

TEACHER: Angela Bolen

COURSE DESCRIPTION: Students in this course learn how to design Web sites. Included are site planning, page layout, graphic design, and the use of markup languages. Forms and scripts are used to add interactivity and database access to Web sites.

COURSE CONTENT: Internet Development and Structure
Web Publishing Fundamentals
Planning a Successful Web Site
Typography and Graphics
Multimedia and Interactivity
Testing, Publishing, Marketing, and Maintaining a Web Site
HTML – HyperText Markup Language
Cascading Style Sheets
Microsoft FrontPage

Along with an understanding of the above, you will be responsible for creating individual and group projects. The projects will include (but are not limited to) designing your personal Web page, a school related Web page, and a commercial Web site.

CREDIT: 1 unit

GRADES: 11-12

TEXTBOOK: Web Design Introductory Concepts and Techniques, 2nd Edition by Shelly, Cashman, and Kosteba.

SUPPLIES NEEDED: Three-ring binder, computer and notebook paper, pen and pencil.

GRADING POLICY:

Daily work (notebook)	35%
Tests	35%
Quizzes	15%
Semester Exam	15%

Hand in assignments on time. You will have 3 to 5 days to turn in missed assignments.

CLASSROOM GUIDELINES: In addition to all policies, procedures, and consequences outlined in the student handbook, please adhere to the following.

1. Do not bring food or drink to the computer lab.
2. Make no changes to computer settings unless instructed to do so.
3. Personal disks/CDs/jump drives/etc. are not allowed.
4. No headphones.
5. Do not touch any other student's keyboard or mouse unless instructed to do so.
6. Reread pages 36-38 of your handout. The Internet guidelines are extremely important particularly in this class setting. Please remember that we will use it for educational purposes and that it is a privilege, not a right.

If you choose NOT to follow the guidelines. . .

1st offense: warning

2nd offense: 30 minute detention

3rd offense: 1 hour detention, parent notification

4th offense: 1 hour detention, parent notification and administrative conference

In general, the class will be conducted very similar to Computer Applications. The class atmosphere may be slightly more relaxed than your first computer class, but the behavior expectations are the same – **TREAT OTHERS AS YOU WANT TO BE TREATED. BE HERE AND BE PREPARED.**

We have read and understand the syllabus for Web Page Design.
