

Classroom Policies

- 1. Be in class...on time...always.**
- 2. Attend to personal needs (lockers, restroom, etc.) before you enter the classroom.**
- 3. Water is allowed, but water only.**
- 4. Be responsible. (e.g., if you miss a day, come see me about make-up work; if we have a test on Friday, start studying on Tuesday).**
- 5. Academic dishonesty equals automatic failure and referral.**
- 6. No email or off-topic web surfing in the computer labs.**
- 7. At the end of class each day, pack up only after you are asked.**
- 8. Give speakers your full attention. Raise your hand if you have something to say.**
- 9. Participate. When in World Geography, do only World Geography (i.e., not mathematics or science).**
- 10. Most importantly...be polite and respectful.**
